

BID FACTS

Your source for all construction industry information, leads, prospects and news!

Private Sector Projects in Georgia!

A timely, accurate and comprehensive report of Georgia's private sector commercial projects at the pre-bid and bid stage. As the only 100% private sector report for the State of Georgia, Bid Facts provides exclusive coverage of "hard to find" private sector projects. Bid Facts digs deep and delivers the best negotiated, design-build, owner bid direct and invited bidder information available.

Bid Facts is distinctly user-friendly and formatted to provide fast, detailed information including complete CSI specification codes for each project reaching the bid stage. All current active projects are updated online constantly and are listed in chronological bid-date order with a unique tracking number for reference and update purposes. Customize your own BID FACTS report by selecting the search criteria for the types of projects, size or geographic area you want to see and receive only the information on those projects that pertain to your company's specific product, trade, or services. Target those projects and specific industries or market sectors that would most affect your sales or bottom line!

When you need a comprehensive list of private sector projects in Georgia this report is for you! We report early and we report often. Find those hard to find private sector projects before any of your competition! We have been providing early stage information for over 30 years. Give DEC a call and find out about all of those projects you have been missing!

Hear What Our Customers Say...

"We have subscribed to DEC International's commercial Bid Facts service for almost two decades. From twenty years of experience, we know that we can count on DEC International to provide us with a constant stream of timely, accurate new construction projects for Georgia!

- Ronnie Lawrence, President
Southeast Wholesale Door Inc.
